I, Norma Hidalgo, a peace officer employed by the Harris County Sheriff's Office, who is currently assigned to the Human Trafficking Unit, with an address of 1307 Baker Street, Houston, Harris County, Texas 77002, do solemnly swear that I have reason to believe and do believe that evidence will be located within:

- 1. The Apple iPhone, pink in color with a clear rhinestones case with multiple missing rhinestones on it, IMEI: 358891502622673

This electronic device is currently located at a secure location, namely, the Harris County Sheriff's Office located at 1307 Baker Street, Houston, Harris County, Texas 77002, under Harris County Sheriff's Office Incident #2411-02879. The Apple iPhone, pink in color with a clear rhinestones case with multiple missing rhinestones on it, IMEI: 358891502622673, cellular phone is owned by or was found in the possession of McMath-Grigsby, Kodria, and it is believed to contain evidence of the offense Trafficking of Child and Compelling Prostitution.

YOUR AFFIANT HAS PROBABLE CAUSE FOR SAID BELIEF BY REASON OF THE FOLLOWING FACTS:

Your Affiant, Deputy N. Hidalgo, is a certified Peace Officer employed by the Harris County Sheriff's Office, located at 1307 Baker Street, Houston, Harris County, Texas 77002. Affiant has been employed as a Peace Officer in the State of Texas for 5 years and is currently assigned to the Human Trafficking Task Force for the Harris County Sheriff's Office. The Human Trafficking Unit combats crime associated with Prostitution, Promotion of Prostitution, Aggravated Promotion of Prostitution, Compelling Prostitution, Trafficking of Persons, and/or Continuous Trafficking of Persons (hereafter offenses of Prostitution). Affiant has received training and education regarding the offenders of offenses of Prostitution and has worked side by side with regularly trained Peace Officers during this time. Affiant has personally interviewed and observed the interviews of numerous suspects, victims and/or witnesses of these offenses of prostitution. During these interviews, the suspects, victims or witnesses discussed or confessed to their crimes and the manner in which they seek out, locate and exploit their victims. Affiant has also spoken with numerous other Peace Officers and Investigators with other law enforcement agencies who are knowledgeable regarding the methods and means used by individuals who participate in offenses of Prostitution and have related their personal knowledge and provided Affiant with insight as to the manner in which evidence of these crimes are kept. Affiant has participated in multiple investigations that resulted in the execution of search warrants for documents and electronic devices in cases involving numerous offenses, to include Trafficking of Child and Compelling Prostitution.

As a result of Affiant's training and experience and in speaking with more experienced investigators, Affiant learned that individuals who are involved in offenses of Prostitution often times correspond with potential victims, co-conspirators, and possible customers via the internet and/or cell phone technology. Your Affiant knows that the business of offenses of Prostitution is often conducted through the use of mobile and/or cellular phones, internet messaging, emails, digital data transfers and the like. This business often includes correspondence such as open offers, requests, offers for sale or trade, pictures and videos, audio recordings, etc. Your Affiant has personally viewed sexually explicit pictures of adults, depicting them in the nude, in sexually provocative poses, in lewd poses, and in poses depicting various sexual acts including oral sexual intercourse and sexual intercourse as for the use in the business of offenses of Trafficking of Child and Compelling Prostitution.

On Monday, March 25, 2024, Affiant was tasked to conduct a follow up investigation on Harris County Sheriff's Office Incident #2211-02879 and Harris County Sheriff's Office Incident #2206-01248. Affiant reviewed Harris County Sheriff's Office Incident #2211-02879 and learned that on November 8, 2022, members of the Harris County Sheriff's Office Human Trafficking Unit were called out to the Hotel Royale located at 250 FM 1950 Rd East, Room #112, in unincorporated Harris County Texas, in regards to a recovered runaway juvenile, later identified as A.A., hereafter styled the Complainant #1, who made an outcry of being sex trafficked by her pimp who she knows as "Rico," identified later as Roger Magee DOB 11/01/2002, who is the son of Kedria Rena Gribsoy, DOB January 31, 1982, hereafter referred to as the defendant.

Affiant reviewed a supplemental report under Harris County Sheriff's Office Incident #2211-02879 written by Deputy I. Torres, who is assigned to HCSO Patrol District 2 and whom Affiant believes is reliable and credible, and learned that on 11/08/2022, Deputy Torres was dispatched to a sexual assault of child located at Hotel Royale. Once Deputy Torres arrived on scene he met with A.A., who informed him that she was being forced to prostitute by "Rico," who was identified as Magee. A.A. stated Magee left the hotel with two other females, who she identified as K.L. and E.D. A.A. further informed the Deputy that Magee drives a gray Lexus.

Affiant reviewed a supplemental report under Harris County Sheriff's Office Incident #2211-02879 written by Investigator L. Hilson, who was assigned to the Human Trafficking Unit and whom Affiant believes is reliable and credible, and learned that on 11/08/2022, Investigator Hilson arrived on scene and met with A.A., who she obtained a statement from.

During the interview, A.A. stated the following: A.A. stated her best friend K.L., a 16-year old juvenile female, and an 18 year old female, later identified as Essence Darden, DOB: 9/20/04 also engage in prostitution for Magee. A.A. stated Magee gave them all nicknames so the "johns" would not know their names. A.A. stated her name was "Miss North/Mercedes," K.L.'s name was "Dior/Keke," and E.D.'s name was "Imanii." A.A. stated she is forced to give Magee all the money she makes from her prostitution transactions via CashApp, cash, or Zelle. A.A. stated Magee's Cash App account is \$BasketballTeam52 with the name "Dior." A.A. provided the investigators with Magee's phone number as 832-756-0469, and stated she has him saved under her contacts as "P." Investigators searched phone number 832-756-0469 on TLO and found the phone number to be registered to Roger Magee, DOB: 11/01/2002.

The records also show that on 11/07/2022, the Defendant paid the \$65.00 balance with cash and on 11/08/2022, the Defendant paid the \$65.00 balance with a VISA credit card.

Affiant reviewed a supplemental report under Harris County Sheriff's Office Incident #2211-02879 written by Investigator E. Pintor, who was assigned to the Human Trafficking Unit and whom Affiant believes is reliable and credible, and learned that on 11/09/2022, Investigator Pintor conducted a follow up investigation at the Hotel Royale. Investigator Pintor met with the hotel manager and requested any records, namely video footage, pertaining to room #112.

The manager provided Investigator Pintor with video footage pertaining to room #112. Investigator Pintor reviewed the video footage and learned that on 11/08/2022 at approximately 0344 hours, a silver vehicle is observed parking near the Hotel's reception. Moments later, a black female exits the driver's seat and walked towards the reception. Investigator Pintor visually compared the black female on the video to the known Texas Driver's License #35786438 photo of the Defendant and confirmed they appeared to be an identical match. The Defendant returned to the vehicle and a black male can be seen exiting the vehicle out of the back right passenger door and walking towards room #112. An NCIC/TJIC compute check was conducted on Texas License Plate #MSS5866, and learned the vehicle, a 2016 Lexus ES, was registered to Kedria Rena McMath, the Defendant.

Affiant learned that on the same day, as Investigator Pintor was searching room #112, a black female, identified as E.D., hereafter styled the Complainant #2, walked into the room in attempt to retrieve her belongings. Once E.D. saw Investigator Pintor inside room #112, E.D. walked back to a silver sedan, which appeared to be the same vehicle Investigator Pintor observed in surveillance footage. Investigator Pintor observed a second black female, identified as the Defendant, and a black juvenile female, identified as K.L., hereafter styled the Complainant #3, inside the vehicle. Investigator Pintor conducted an NCIC/TJIC check on K.L. and learned she was a missing juvenile. K.L. was transported to The Children's Assessment Center to be forensically interviewed.

Kirikland, whom Affiant believes is reliable and credible, and informed him of the pocket warrant for the Defendant. Sgt. Kirikland stated he would assist in the Defendant's arrest.

Officer Perez provided Affiant with the Defendant's cell phone. The Affiant confirmed that the Defendant's cell phone was placed on airplane mode and placed the cell phone inside a Faraday bag. Sgt. Affiant believes the Defendant committed the offense of Trafficking of Child and Compelling Prostitution by knowingly receiving compensation from prostitution services and by knowingly participating in managing a prostitute enterprise. Affiant also believes that evidence of such offense will be found on Defendant's electronic devices, and those items would be located on the Defendant's person, within his care, or within his leased residence. Affiant is aware, based on Affiant's knowledge, training and experience in investigating human trafficking cases that suspects involved in sex trafficking often times save the communication they have with their victims on their electronics devices, namely their cellular phone devices.

Based upon Affiant's training and experience, Affiant knows that modern cell phones have extensive abilities beyond mere phone technology. Among other capabilities, they often have video or image cameras, voice recorders, digital memory capabilities, the ability to access Wi-Fi internet networks, the ability to access the internet, the ability to pair with Bluetooth

capable digital devices, the ability to send and receive data messages or text messages. The modern cell phone will record evidence of transactions using these abilities on its internal memory. This evidence can be in the form of digital photographs, digital videos, messages, call logs, contact lists, internet browser histories, email account information, and numerous other types of digital information that is generated or received by the user of the mobile phone.

Based upon Affiant's training and experience, Affiant knows that most modern cell phones can have many types of memory storage devices contained within them. Data can be stored within the cell phone's internal memory located within the cellphone itself, or in a memory card or in other types of data storage devices located within the body of the cell phone. This memory card is commonly known as an SD memory card. Based on Affiant's training and experience, in order to completely and accurately retrieve data maintained in a cell phone, SD memory card or related data storage device, to ensure accuracy and completeness of such data, and to prevent the loss of the data either from accidental or programmed destruction, it is often necessary that cell phone, SD memory card or related data storage device be examined by a qualified forensic specialist.

Based upon Affiant's training, experience, and the above facts, Affiant believes there is substantial cause to believe there is evidence of criminal activity that will be located on the cell phone devices described above. Sex Trafficking suspects are known to use their cell phones in the detailed planning and coordination of crimes. Your Affiant, with her training and experience, knows suspects involved in Sex Trafficking use their cell phones prior, during and after the crimes have been committed to communicate with suspects involved. Specifically, Affiant believes there will be text messaging, location data, various application data, social media information and photographs relating to the offense Prostitution in Houston and Harris County, Texas and further once seized those items may be transferred to any authorized personnel capable and qualified to perform forensic examinations of those items, and once transferred is hereby ORDERED to conduct a search of those items for the presence of evidence of the offense Trafficking of Child and Compelling Prostitution with the authority to search for and to seize any and all evidence that may be found therein including, but not limited to:

1. Electronic data files and/or indicia of ownership of the device.
2. Any and all information stored electronically and all data including communications, such as text messages discussing, referring to, or otherwise regarding the sexual conduct and/or the exchange of pornographic images including images by the names stated above and otherwise regarding the offenses of Trafficking of Child and Compelling Prostitution.
3. Any data or images of persons who appear to be engaged in sexual acts or posed in a manner to elicit sexual response or otherwise engaging in sexual conduct.
4. Any data pertaining to obtaining or possessing images of persons who appear to be engaged in the Solicitation of Prostitution.
5. Names, phone numbers, addresses, or other contact information stored within the electronic memory of the cellular phone and associated memory devices.
6. Call and text messages or any form of messaging and their associated logs, both incoming and outgoing, stored on the device and its associated memory devices.
7. Digital still and video images stored on the device and associated memory devices.
8. Internet browsing history.
9. Any stored Global Positioning System (GPS) data.
10. Any social media posts or messaging, and any images associated thereto, including but not limited to that on Facebook, Twitter, and Instagram.

11. Any and all items stored within the electronic memory referencing the offenses of Trafficking of Child and Compelling Prostitution or any other offense contrary to the peace and dignity and laws of the State of Texas.

WHEREFORE, PREMISE CONSIDERED, Affiant respectfully requests that a warrant issue authorizing your Affiant and any other peace officer in Harris County, Texas, to seize an Apple iPhone, pink in color with a clear rhinestones case with multiple missing rhinestones on it, IMEI: 353891502622673, as pictured above which are in the custody of the Harris County Sheriff's Office located at 1307 Baker Street, Houston, Harris County, Texas 77002.

And further once seized, those items may be transferred to any authorized personnel capable and qualified to perform forensic examinations of those items, and once transferred, allow the Affiant to conduct a search of those items for the presence of evidence of criminal activity including Trafficking of Child and Compelling Prostitution in violation.
