We known Kenna and Kenny since I was born. To say they were just family friends would be an under statement. Kenna was like a second mother to me, she was my moms childhood best friend and would have done anything for me. Kenny was my grandfather best friend, so they really were around all the time. Christmas, thanks giving, you name it and they were always with my family. I miss them and was sad we had to had different traditions this last year. Her kids were good boys and I partly grew up with them. Devin was shy and sweet and Aiken was talkative and very kind hearted. They were always respectable and polite. It makes my heart sad these kind people are no longer on this earth. At the hand of someone else. In your decision making I really hope you remember all of us

family members who were  
left behind with no goodbyes and  
no hugs. We are only left with a  
sudden death and many questions.  
I'll forever have the memories that  
we created on all the ski trips,  
biking trips and just sitting at  
home laughing about nothing.  
Please do something so we  
know that their beautiful lives  
meant something and that  
there is some sort of closure  
to this mess.

With love,

Katy James  
a forever family  
friend.

Every time I see a tall skinny teenaged boy I am reminded of Aiken Smith. Everytime I see a chubby blond teenaged boy I am reminded of Devin Smith. Everytime I see a white or green Subaru I expect to see Kenna or Kenny Grandipee waving at me. I miss my friends. Kenna's sons were polite, well mannered, respectful, never demanding. Kenna was a warm, friendly, vivacious woman. We had become good friends since I moved back to the Silver Valley in May of 2018. I miss her.

Kenny & my late brother Larry Halley had been good friends for the last 50 years. Our ties to the Grandipees are deep.

Kenny was also a good friend to me. I miss him. After my brother died Kenny & Kenna would stop by once a week or so to check up on me. They would stay an hour. We'd shoot the breeze. I miss that. They were 2 of my favorite people. I liked the boys too.
